

Tynecastle Nursery School

Our Vision

“We will provide flexible, high quality learning opportunities to enable each child to enjoy their early learning and childcare experience in a secure and caring environment where learning through play is valued, success is recognised and a positive attitude to learning is nurtured. We will encourage and support the contributions of all parents, carers and staff to foster teamwork in a mutually supportive environment where communication and working together to develop the best interests of each child is of central importance.”

Our aims

- Make our early learning and childcare setting a secure, welcoming and happy place for all.
- Work together to educate and care for each child 's individual needs by providing challenging, interesting, stimulating and supportive learning experiences, promoting achievement, attainment and creativity.
- Help each child to develop self-respect, positive attitudes and to show care and concern to everyone, combating all barriers to equality and social justice.
- Encourage each child to develop as an individual and support each one to fulfil his or her own potential.
- Enable each child to experience and recognise success and achievement to encourage confidence and self-esteem.
- Encourage each child's awareness, respect and concern for their environment both indoors and out.
- Maintain a qualified, enthusiastic, dedicated staff and encourage personal development.
- Foster partnership with parents, carers and other professionals to support all aspects of learning and teaching.
- Work in partnership with parents, carers and the local community.
- Implement local and national guidelines.
- Encourage health and wellbeing by developing the knowledge, understanding, skills, capabilities and attributes which children need for mental, emotional, social and physical wellbeing now and in the future.
- Demonstrate a commitment to continuous improvement.
